Mohammad Ramzan Hussain, a former boy of SOS Children's Village Chattogram. He joined the Bangladesh Army 23 July, 2017 at 25 East Bengal, as a soldier in Jessore Cantonment. He was shown at Integration in 2018 and his current age is 22 years.

From the beginning of his career, he has been very efficient and courageous in fulfilling the responsibilities entrusted to him. At present, he is working diligently in a place called Kalishpur in Khulna to protect the people of

the country from health risks due to the epidemic of COVID-19. Apart from this, he is also actively participating in relief and relief related activities among the lower and middle-class families of the society affected by COVID-19 and actively participated in delivering food to the homes of poor families.

He has had to face various challenges and obstacles in order to prevent the harmful effects of the epidemic of COVID-19. He has to work tirelessly to ensure social distance, especially among the people. He ensures the use of Personal Protective Equipment for the protection of the health of the people of the country and is committed to fulfilling the great responsibility entrusted to him in compliance with all the rules of hygiene. He has been doing regular announcing (miking) in his working area from morning till night to make people aware of COVID-19.

To prevent COVID-19, he gives some advice to his younger siblings that could be emulated by everyone else. These include:

- Keeping everyone at home during this disaster
- Not leaving the house without urgent work
- Using masks and hand gloves when leaving the house and washing hands with soap when returning home
- Not using a mobile phone outside unless absolutely necessary
- Keep things as virus-free as possible when returning home from outside area
- Eat more Vitamin C-rich foods
