

Zakia Sultana (House: Madhabi)

Zakia Sultana admitted in SOS Children's Village Rajshahi on 5th April 1993. Dr. Yasmin Khaleque (Ex-Medical Officer, Rajshahi University Medical Center) reported that she had seen Zakia Sultana in the street and she was found weeping in a state of helplessness. The Doctor picked up the child. She tried her level best to find out the father and the mother of the child but she could not get them. The child was also too young to say anything about her parents and relatives. The doctor did not have time to nourish and bring up the child, so she referred Zakia Sultana to the SOS Children's Village Rajshahi for admission as an abandoned child into SOS family. Zakia Sultana departed from SOS Facility on 16 March' 2015. Now she is 28 years old young woman & working as a Senior Staff Nurse in the Ad-Din Medical College Hospital, Dhaka.

In 1999, Zakia Sultana got chance in Govt. PN Girls High School in class one by facing competition admission test. From the very beginning, Zakia Sultana was mediocre student. She did not have to say much about education. She passed SSC examination in 2010 from Luxmipur Girls High School under Rajshahi Education Board & obtained GPA: 3.25 in Humanities group.

In the academic year 2010-2011, Zakia Sultana was admitted to the Higher Secondary in the Madar Bokhs Home Economics College, Rajshahi. She was a little bit weak in her study so in the year 2012, she could not pass her HSC exam. However, she did not left her hope. With double effort, she tried her best, passed her HSC examination in the year 2013 and got GPA: 2.70 from the Humanities group under Rajshahi Education Board. She was admitted in Diploma in Nursing science & Midwifery at Fatema Nursing Institute, Ad-Din Hospital, Dhaka in 2013-2014 session. She started staying at her institutional Hostel in Dhaka with her year mate that is 360 km far away from SOS Children's Village Rajshahi. At the beginning she found it a little bit hard, as she was a student of Humanities group and the topics of her course is related to science group. Nevertheless, she didn't left. By hard labour and by her morale strength, she successfully completed her 3-years Diploma in Nursing & Midwifery course in December 2016. She passed the comprehensive examination under the Bangladesh Nursing & Midwifery Council on August- 2017.

Zakia Sultana is now working at Ad – Din Medical College Dhaka for COVID -19 as a Nobel Profession. She suggested towards SOS Children's Village Rajshahi for Senior and Junior- If you develop a fever or symptoms such as cough or shortness of breath, call your healthcare provider for medical advice and guidance before visiting their office.
